#### The New Rochelle Public Library Mission

The New Rochelle Public Library is a community resource that seeks to improve the life of every citizen in our city. It is dedicated to encouraging learning in all stages of life, to protecting intellectual freedom and to providing fair and equal access to information.

A healthy and vibrant public library is a critical partner in a dynamic New Rochelle. To preserve this role, the Library must offer:

- A comprehensive collection that includes retrospective and current materials
- Up-to-date technology by which information can be accessed
- A wide range of community services and programs tailored to a diverse audience.
- Professional, knowledgeable and courteous service to our patrons

*The goals of the project are to enable artists to create original artwork that enlivens, enriches and enhances the quality of New Rochelle's visual environment and public spaces. We also wish to provide opportunities to advance the careers of young artists and broaden the role of the artist in the community.*

The NRPL Foundation is seeking to install three banners created from the original artwork created by artists who live and/or work in New Rochelle. The work, created in any 2D media, will be translated into a digital image on fabric and installed in the library's lobby entrance.
